

We Pay Budgets ... Because

We Pay Budgets Because ... We love our Church which supports hundreds of missionaries, thousands of national workers, and maintains hospitals, Bible Colleges, Seminaries, and is building beachheads for Christ in South America, Africa, Asia, Europe, and around the world.

We Pay Budgets Because ... We love Home Missionary Pastors and wives who are making serious sacrifices to grow a church in communities that need to hear the Gospel so much.

We Pay Budgets Because ... We are grateful for our colleges, seminary and Bible College for providing a Christian education for our youth, and for the training of future pastors, missionaries and evangelists.

We Pay Budgets Because ... We are grateful for the provision they make to care for retired pastors and widows and for a group Pension Plan that will not leave them totally abandoned by the churches they have served.

We Pay Budgets Because ... We believe in our denomination and the importance of a man in the field to help fill vacancies, deal with problems, and superintend the work.

We Pay Budgets Because ... *WHAT ARE THE ALTERNATIVES?* To fulfill the Divine Commission, it would be necessary for **each local church** to:

1. Sponsor its own foreign and home missionaries.
2. Search out colleges, sponsored by others to train our youth.
3. Abandon the smaller church that needs the care of a District Superintendent.
4. Do away with all District Programs including Youth, Sunday School and Mission programs as well as the Camp Meeting and Youth Camps.
5. Disregard our retired ministers and widows leaving them abandoned by pension and health care programs.

We Pay Budgets Because... when we think of the alternatives.....
